Specification Sheet

E-Z-LOCK

Powder Coated Galvannealed Expanded Steel Gutter Screen

Specifications for the expanded steel and powder coating

- The Steel used is special Galvannealed coating that bonds the Zinc to the Iron base. It meets the ASTM A653 and ASTM A924 Specifications. The thickness is .032 inches.
- The Powder coat is a proprietary mix of black UV resistant and fast curing powder applied with special applicators to achieve a 2-3 mill thickness

Specifications & features of the finished product:

- The overall length is 4 ft. with $\frac{3}{4}$ in. notched for overlap
- The screen width 5.25 in. for 5 in. gutter, 6.25 in. for 6 in. gutter, etc. for each size up to 11 inch gutter
- The screen snaps into the gutter with spring tension
- The regular hole screen has expansions of $\frac{5}{8}$ by $\frac{5}{16}$
- The small hole screen has expansions of $\frac{9}{32}$ by $\frac{3}{16}$
- The screen works with standard hidden hangers
- The finish of this product is covered by a 5 year limited warranty
- Made in the USA
